

Requests

for MEDIC First Aid training class participants to prevent the spread of COVID-19:

- ☐ If you have symptoms such as fever, cough, shortness of breath, etc., you will not be able to participate.
- ☐ Check your body temperature before attending the class to make sure that you are at normal temperature.
- ☐ Wear a face mask in the classroom.
- ☐ Before entering the classroom, wash your hands and fingers thoroughly with soap & water at least 20 seconds, or disinfect with alcohol based disinfectants.
- ☐ During the course, we will use alcohol to clean training equipment and materials. If you are allergic to alcohol, please advise us beforehand so that we can prepare a non-alcoholic disinfectant.

— Thank you for your cooperation —
